

THE WORLD OF

BELLSNIKKER BY A HEAD WINS MIDWOOD STAKES.

Bizzy Izzy, Played for a Killing,
Beaten by Inches Only.

Bellsnikker won the Midwood Stakes for P. H. McCarran at Aqueduct yesterday, but only by the width of a hand, after a desperate fight through the last sixteenth with Water Tank. He was a short priced favorite, at odds-on, in the five-furlong field, but before the numbers went in he managed to give his followers sensations of any but a pleasant kind. There were three other close finishes during the day, and the sport, which did not promise particularly well, was kept on to satisfy the most exacting.

The Midwood Stakes was run as the third race, and as the distance was seven furlongs—an unpopular one, apparently, with owners and trainers—only five horses went to the post. Bellsnikker "stood up" with the handicappers, and the opening price of 3 to 5 was quickly cut to 1 to 2. Water Tank had a following around 4 to 1, but the others were well off. As Water Tank raced off in the lead and showed the way around the turn and into the long straight, Bellsnikker was in a good position at his heels, and his supporters looked to see him go to the front when his rider pleased. This seemed to be coming about as he moved up to the pace-maker in the last furlong pole, and the sterner Water Tank drew away again, and the favorite looked hopelessly beaten.

However, the Water Tank colt began to tire, and Bellsnikker slowly but surely won, and he and his supporters were doing their best, and he went under the wire so close together that only the judges could separate them. There was an audible sigh of relief when Bellsnikker's number went up.

There was quite a close finish when Hippocrates, the favorite in the fourth race, and Bizzy Izzy a short head in the last stride, being named from 10 to 1. At the post time, Taylor, an inexperienced boy, was entrusted with the mount, and he made so much use of the colt in the early part of the race that he had nothing to finish with, and Hippocrates, closing resolutely, spoiled the coup.

Bizzy Izzy had all his speed when the start came, and opened up a gap of three lengths in the first quarter. He increased the lead to as much as six lengths turning the mile, and his victory looked assured. As he had the lead, he was not so much as he had been, and his victory looked assured.

At the regular monthly meeting of the Jockey Club, held at the offices of the club, Windsor Arcade, yesterday, H. B. Duray was elected a member of the club.

William S. Fanshawe has purchased the Lucien O. Appleby stock farm, at Shrewsbury. This farm was leased by Clarence H. Mackay, who recently moved his blood stock to Kentucky. Mr. Mackay desired to renew his lease, but Mr. Appleby moved to sell, with the result that Mr. Appleby moved to Kentucky and Mr. Fanshawe bought the place.

PADDOCK PARAGRAPHS.

It was announced yesterday at Aqueduct that the Queens County Jockey Club has decided to build a fieldstand next year and make other improvements at the track. The posts in the front of the grandstand will be removed so as to give an unobstructed view of the races, among other things. These changes will not be made, however, until after the spring meeting next April, as it is now too late in the season to begin the work.

Rostand, the five-year-old horse by Russell-Galena II, which in his day was a fair colt, was started in the first race. He broke down so badly, however, that W. Fischer dismounted before finishing, and the horse was taken off the track with difficulty.

Thistle Heather went to the post in the last race like a bucking bronco, only touching the track in the last furlong. He looked and ran as if he needed two or three races to tighten up his legs.

B. Smith earned the jockey honors, riding Mamie Worth and Lone Hand to victory. Miller scored once with Hippocrates, while J. Martin, Sewell and Felcht were the other successful boys.

Old England was a starter in the first race, after a long absence. He began to make trouble as soon as he got to the post, and the rest has evidently helped his temper. He looked and ran as if he needed two or three races to tighten up his legs.

WORK ON THE GRIDIRON.

Columbia Strong Offensively—In Hard Scrimmage with Scrub.

The hardest kind of football practice was in order for the Columbia candidates at American League Park yesterday afternoon, where for the best part of an hour the varsity lined up against a strong scrub for scrimmage work. All of the "scrub" men were excepted, except Ross and his knee. Von Salza was out for the first time this week and went through nearly all of the hard practice. His rest has put him in the best of condition, and "Mother" Webb, the trainer, believes that there is now no danger of his getting past the point of "finesses."

The practice yesterday was good in some ways, but discouraging in others. The men played with vigor and alertness and went into the plays with a dash. Despite this, however, when the scrub got the ball it pushed the varsity nearly half the length of the field before it was held for downs. Instead of giving the signals in the ordinary way, Donovan, who played quarterback on the scrub, gathered the men about him before the play was put into action. The absence of signals confused the varsity and kept them constantly guessing. This is a plan which Wesleyan used with good effect in the game earlier in the season.

Finally the varsity braced and took the ball near the middle of the field. It then had little difficulty in going through the second team for a touchdown. After the loss brought back to the middle of the field, the varsity repeated the performance until it had scored four times. On the last play the star player of the scrub, at one time breaking through for a fifty-five yard run for a touchdown, and going through a second time for a touchdown, and instead of taking the ball on a tackle back play, ran from his position and was stopped by the other side of the field. He showed wonderful speed, and in both his long runs dodged three or four men.

The varsity's secondary defense proved to be the weakest part of the team. Lindo, Fisher and Armstrong played the first part of the game, but were ineffective in stopping the plunges of the scrub backs. Collins ran the team and did the punting. The first play of the game was a punt, and the work out of the men and kept them on the jump. In the scrimmage he was kicked on the head and obliged to rest. He was replaced by Schultz. Duden played a listless game at right tackle, and Naething, who opposed him, had the advantage of him. The varsity's line was not so good. The varsity, with the exception of Fisher, who showed up in some of the play, the varsity backs were speedy on offense, but slow on defense.

Lowler and Enos played the ends on the varsity. Powder let some plays get by him, and was replaced by Fisher. The varsity's line was not so good. The varsity, with the exception of Fisher, who showed up in some of the play, the varsity backs were speedy on offense, but slow on defense.

At one time the varsity was held for downs on the scrub's four-yard line. Morley made a run for it, but the first of the scrub's backs, who the men displeased him, so he got into the position himself. On the first play he obtained the ball, and the varsity's line was not so good.

HOCKEY LEAGUE MEETS.

St. Nicholas Club Takes Wanderers' Place—Officers Elected.

The annual meeting of the American Amateur Hockey League was held last night at the St. Nicholas Rink, and the following officers were elected for the year: President, Howard Drakey, Crescent Athletic Club; vice-president, B. N. Rhodes, New-York Athletic Club; secretary and treasurer, Kenneth B. Gordon, St. Nicholas Hockey Club.

The executive committee will be made up of these officers, with M. S. Davies, Hockey Club of New-York, and Frederick Keeler, Brooklyn Skating Club.

The league will be made up this year of the New-York Athletic Club, Crescent Athletic Club, Hockey Club of New-York, Brooklyn Skating Club and St. Nicholas Hockey Club.

The St. Nicholas Hockey Club was organized to take the place of the Wanderers. A strong team will be developed, made up from the following men: Kenneth B. Gordon, captain; T. B. Souther, H. S. Hayward, J. B. Carruthers, R. H. Leake, W. P. Conway and J. D. Gordon. T. B. Souther was captain of the Harvard hockey team, and three of the others are in Canada.

It was also announced that the Brooklyn Skating Club will play the Wanderers in a match expected to be held in the near future. The schedule committee will meet in a few days to arrange the games for the season. A new departure will be a series of games with the best college sevens.

The Plainfield Country Club has issued its year-book for 1905. It contains ninety-four pages, and is one of the most complete books of its kind yet seen. The summary of membership shows that there are 272 active, 39 non-resident, 106 associate, 26 junior associate and 2 honorary, making 582 in all. The handicap table is also reproduced.

Jack Hobens, professional of the Englewood Golf Club, Isaac Mackie, of Fox Hills, there the other day, and managed to defeat the Staten Island "pro" after a good match. Hobens was 1 up at the end of the first eighteen holes, and he also took the second round by the same narrow margin.

There is not likely to be any national professional golf association after all. When the "pros" gather in force in this city next Monday they will doubtless form an Eastern association, thereby keeping free from any affiliation with the Western body. For the present at least, the known lawyers will look after the organization's legal matters.

On Saturday members of the Dyker Meadow Golf Club will compete in the Crowell Hadden, Jr., memorial competition. The qualifying round will be at eighteen holes medal play, those with the eight lowest scores to finish out at match play. The winners of the qualifying round will receive a medal and have his name inscribed on the memorial trophy.

MASS SUBSIDIATE RUGBY.

Harvard Undergraduates Think Football Is Doomed.

Cambridge, Mass., Nov. 9.—Nothing but years has stirred Harvard athletic circles to such a depth as the published communication of Bill Reid, the varsity football coach, to-day, looking toward the abolition, or at least the radical alteration, of the present American game.

The feeling now is that if the game is not altogether abolished it will be changed so as to resemble the Canadian Rugby game. Students support this argument by pointing to the Canadian Rugby battle which will be waged on Soldiers' Field on Saturday while the Harvard team is in Philadelphia.

The contesting teams at this time, representing Dalhousie University and an all-Harvard team, have been invited to Cambridge by the Harvard athletic committee, and the only plausible explanation for such an expense is that the Crimson committee wishes to introduce the Canadian sport in Canada.

Commenting upon Reid's statement, "The Harvard Rugby," printed the following pointed editorial: "The weight of these combined authorities places football under a very heavy armpit. We must honestly face the fact that the game has been changed so as to resemble the Canadian Rugby game. Students support this argument by pointing to the Canadian Rugby battle which will be waged on Soldiers' Field on Saturday while the Harvard team is in Philadelphia.
